INDEPENDENT AUDITORS' REPORT

To the Board of Directors
The Kentucky Association of Counties - Workers Compensation Fund
Frankfort, Kentucky

We have audited the accompanying balance sheets of The Kentucky Association of Counties-Workers Compensation Fund as of June 30, 2010 and 2009, and the related statements of revenues, expenses and changes in members' equity and cash flows for the years then ended. These financial statements are the responsibility of the Fund's management. Our responsibility is to express an opinion on these financial statements based on our audits.

We conducted our audits in accordance with auditing standards generally accepted in the United States of America. Those standards require that we plan and perform the audits to obtain reasonable assurance about whether the financial statements are free of material misstatement. An audit includes examining, on a test basis, evidence supporting the amounts and disclosures in the financial statements. An audit also includes assessing the accounting principles used and significant estimates made by management, as well as evaluating the overall financial statement presentation. We believe that our audits provide a reasonable basis for our opinion.

In our opinion, the financial statements referred to above present fairly, in all material respects, the financial position of The Kentucky Association of Counties - Workers Compensation Fund as of June 30, 2010 and 2009 and changes in members' equity and cash flows for the years then ended in conformity with accounting principles generally accepted in the United States of America.

Deming, Malone, Livesay & Ostroff

Louisville, Kentucky

**THE KENTUCKY ASSOCIATION OF COUNTIES -
WORKERS COMPENSATION FUND**

NOTES TO FINANCIAL STATEMENTS

Note 1. Description of the Fund and Summary of Significant Accounting Policies

Nature of business:

The Kentucky Association of Counties - Workers Compensation Fund (Fund) was formed pursuant to Kentucky Revised Statutes 342.350(4) to develop, implement and administer a program of workers' compensation group self-insurance for the counties and political subdivisions of the Commonwealth of Kentucky who are members of The Kentucky Association of Counties (KACo). The Fund operates solely for the mutual and exclusive benefit of its members as a non-profit entity. The Fund's participants consisted of 113 counties and 487 political subdivisions for 2010.

Summary of significant accounting policies:

This summary of significant accounting policies of the Fund is presented to assist in understanding the Fund's financial statements. The financial statements are representations of the Fund's management who is responsible for the integrity and objectivity of the financial statements. These accounting policies conform to accounting principles generally accepted in the United States of America and have been consistently applied in the preparation of the financial statements.

Method of accounting:

The financial statements of the Fund have been prepared on the accrual basis of accounting.

Investments:

The Fund records all investments at fair market value. Fair value is established based upon readily determinable market quotations for equity and debt securities.

NOTES TO FINANCIAL STATEMENTS

The Fund has significant investments in mutual funds, common stocks, government securities, and corporate bonds held by Central Bank and Trust Company and FSC Securities Corporation. Investment securities are exposed to various risks, such as interest rate, market, and credit risks. Because of the level of risk associated with certain investment securities, it is at least reasonably possible that changes in values of investment securities will occur in the near term and that such changes could materially affect the amounts reported in the statement of revenues, expenses and changes in members' equity.

Revenue recognition:

Revenue derived from members' premiums is recognized over the period to which the premiums relate. Deferred revenue represents members' premiums billed but not yet earned. The Fund has the right to assess additional premiums at any time to cover the excess of claims incurred over previous premium assessments.

Estimates:

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosure of contingent assets and liabilities at the date of the financial statements and the reported amounts of revenues and expenses during the reporting period. Actual results could differ from those estimates.

The most significant estimate included in the financial statements is the estimated liability for future claims (see Note 4).

Cash and cash equivalents:

For purposes of the statement of cash flows, the Fund considers only cash and investments with an original maturity date of three months or less to be cash and cash equivalents.

Reinsurance:

The Fund uses reinsurance agreements to reduce its exposure to specific losses in excess of \$850,000 per occurrence. Reinsurance permits recovery of a portion of losses from reinsures, although it does not discharge the primary liability of the Fund as direct insurer of the risks reinsured.

NOTES TO FINANCIAL STATEMENTS

Allowance for uncollectible accounts:

As of June 30, 2010 and 2009, substantially all of the member premiums receivable consist of advance billings on the next year's premiums, which is also included in deferred revenue, and additional year-end payroll audit receivables. All member premiums receivables are reviewed by management and evaluated for collectability.

Management considers all amounts fully collectible and maintains an allowance for doubtful accounts of \$50,000 for any potential bad debts or subsequent premium adjustments.

Income taxes:

The Fund is exempt from income taxes as provided under Section 115 of the Internal Revenue Code. However, income from certain activities not directly related to the Fund's tax-exempt purpose may be subject to taxation as unrelated business income.

On July 1, 2009, the Fund adopted new guidance for the financial statement recognition, measurement and disclosure of uncertain tax positions in an organization's financial statements. Income tax positions must meet a more-likely than not recognition threshold to be recognized. The adoption of this guidance did not have an effect on the Fund's financial position and results of operations.

As of June 30, 2010 and 2009, the Fund did not have any accrued interest or penalties related to income tax liabilities, and no interest or penalties have been charged to operations for the years then ended. Tax years still open under federal and state statute of limitations remain subject to review and change.

Legal, regulatory and geographic risk:

Legal and regulatory risk is the risk that changes in the legal or regulatory environment in which an insurer operates will occur and create additional losses or expenses not anticipated by the insurer in pricing its products. That is, regulatory initiatives designed to reduce insurer profits or new legal theories may create costs for the insurer beyond those currently recorded in the financial statements. The Fund is exposed to this risk by writing all of its business in Kentucky, thus increasing its exposure to a single jurisdiction. This risk is reduced by underwriting and loss adjusting practices that identify and minimize the adverse impact of this risk.

NOTES TO FINANCIAL STATEMENTS

Geographic risk is the risk that catastrophic losses will occur in one concentrated area where the Fund does business. The fund mitigates this risk by adhering to specified underwriting practices and by obtaining adequate reinsurance coverage.

Subsequent event:

Subsequent events have been evaluated through October 28, 2010, which is the date the financial statements were available to be issued.

Note 2. Investments

Investments are carried at fair market value as determined based on quoted prices in active markets. Investments held in a trust fund at Central Bank & Trust Company and FSC Securities Corporation at June 30, 2010 consisted of the following:

	2010		Fair Market Value
	Face Value	Cost	
Mortgage-backed securities:			
Federal National Mortgage Association	\$12,700,000	\$12,697,219	\$12,822,569
Federal Home Loan Banks	10,450,000	10,487,819	10,669,986
Federal Farm Credit Banks	1,000,000	1,000,000	1,006,560
Federal Home Loan Mortgage Corp.	3,400,000	3,400,000	3,450,506
	27,550,000	27,585,038	27,949,621
Corporate bonds	6,750,000	6,862,703	7,145,748
Common stocks		7,946,209	6,671,741
Mutual funds		11,643,067	11,963,804
Municipal bonds		363,686	380,232
Other investments		405,325	337,393
Total investments		\$54,806,028	\$54,448,539

NOTES TO FINANCIAL STATEMENTS

Investments held in a trust fund at Central Bank & Trust Company and FSC Securities Corporation at June 30, 2009 consisted of the following:

	2009		
	Face Value	Cost	Fair Market Value
Mortgage-backed securities:			
Federal Home Loan Banks	\$10,580,000	\$10,588,114	\$10,711,521
Federal National Mortgage Association	5,500,000	5,500,000	5,435,785
Federal Farm Credit Banks	2,000,000	2,000,000	2,005,320
Federal Home Loan Mortgage Corp.	500,000	500,005	500,310
	18,580,000	18,588,119	18,652,936
Corporate bonds	4,500,000	4,537,238	4,510,853
Common stocks		5,420,267	4,238,296
Mutual funds		11,713,443	11,589,366
Other investments		219,568	180,720
Total investments	\$40,478,000	\$40,478,635	\$39,172,171

Maturity dates of investments at fair market value are as follows at June 30, 2010:

Due within one year	\$ 5,791,333
Due after one year through five years	11,024,642
Due after five years through ten years	17,649,936
Due after ten years	1,009,690
Mutual funds	11,963,804
Common stocks	6,671,741
Other investments	337,393
	\$54,448,539

NOTES TO FINANCIAL STATEMENTS

The Fund is an equity member of County Reinsurance, Limited (CRL), which is the Fund's reinsurance provider. The Fund's equity in CRL is based on capital contributions to CRL plus an allocation of CRL's earnings. Upon the termination of the Fund's membership in CRL, the Fund can request a repayment of its original capital contributions plus a portion of CRL's earnings during its membership, which is granted at the discretion of CRL's Board of Directors. The investment in CRL is recorded at cost equal to the Fund's capital contributions to date of \$226,530. The Fund's 3.19% share of CRL's total members' equity is approximately \$427,177 as of December 31, 2009.

Note 3. Fair Value Measurements

Accounting principles generally accepted in the United States of America establish a framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The three levels of the fair value hierarchy are described as follows:

- Level 1 – Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Fund has the ability to access.
- Level 2 – Inputs to the valuation methodology include: quoted prices for similar assets or liabilities in active or inactive markets; inputs other than quoted prices that are observable for the asset or liability; inputs that are derived principally from or corroborated by observable market data by correlation or other means.
- Level 3 – Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in methodologies used at June 30, 2010.

Mutual funds – valued at the net asset value of shares held by the Fund at year end.

Common stock, corporate bonds, municipal bonds, other investments and U.S. government securities – valued at the closing price reported on the active market on which the individual securities are traded.

NOTES TO FINANCIAL STATEMENTS

The preceding methods described may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Fund believes their valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following table sets forth, by level, within the fair value hierarchy, the Fund's assets at fair value as of June 30, 2010 and 2009:

	<u>June 30, 2010</u>	<u>June 30, 2009</u>
	<u>Level 1</u>	<u>Level 1</u>
U.S. government securities	\$27,949,621	\$18,652,936
Mutual funds:		
Bond fund	11,504,706	11,243,644
Precious metals fund	252,252	177,264
Small cap fund	206,846	168,458
Corporate bonds	7,145,748	4,510,853
Common stocks:		
Basic materials	1,130,472	658,263
Consumer goods	702,927	584,134
Financial	886,015	705,554
Healthcare	480,713	294,609
Industrial goods	688,899	246,106
Other	43,260	35,160
Services	725,998	443,370
Technology	1,753,118	1,168,327
Utilities	260,339	102,773
Municipal bonds	380,232	
Other investments	<u>337,393</u>	<u>180,720</u>
 Total assets at fair value	 <u>\$54,448,539</u>	 <u>\$39,172,171</u>

NOTES TO FINANCIAL STATEMENTS

Note 4. Estimated Unpaid Claims Liabilities

Under Kentucky Law, the Fund is required to pay all valid claims against its members.

The estimated liability for future claims, net of estimated recoveries for reinsurance, deductibles and subrogation was determined by Fund management as a result of consultation with the Fund's actuaries, Oliver Wyman Actuarial Consulting, Inc. and By The Numbers Actuarial Consulting, Inc. for the years ended June 30, 2010 and 2009.

The actuaries provide a range of the estimated liability for unpaid claims. Management selects an amount in that range which they believe represents a reasonable estimate of the ultimate liability. This estimate is based upon various factors such as loss control efforts, claim trends and historical claims information. To the extent that claims information varies from management's estimates, the statement of revenues, expenses and changes in members' equity reflect adjustments in the year they occur.

For the years ended June 30, 2010 and 2009, the liability selected by management was the mid-range or "best estimate" as determined by the actuaries and was discounted at 5.0%, based upon an estimate of the Fund's yield on its investments and expected claims payment patterns as developed by the actuaries. The loss payment pattern used could vary significantly from actual which would have a direct effect on the liability for estimated claims. The liability, without consideration for the time value of money for 2010 and 2009 was approximately \$50,500,000 and \$45,700,000 respectively.

The Fund establishes a liability for both reported and unreported insured events, which includes estimates of both future payments of losses and related claim adjustment expenses. The following represents changes in those aggregate liabilities, net of recoveries, for the years ended June 30, 2010 and 2009:

NOTES TO FINANCIAL STATEMENTS

	<u>2010</u>	<u>2009</u>
Unpaid claims and claim adjustment expenses at beginning of year	\$	\$
Incurred claims and claim adjustment expenses:		
Provision for insured events of current year and increases in provision for insured events of prior years net of recoveries		
Payments:		
Claim and claim adjustment expenses paid attributable to insured events of current and prior years net of recoveries collected		
Unpaid claims and claim adjustment expenses at end of year	<u>\$ 40,440,000</u>	<u>\$ 37,300,000</u>

Note 5. Unallocated Loss Adjustment Expenses

An estimated liability for future expenses of handling prior year claims has been determined by management and the Fund's actuaries, as of June 30, 2010 and 2009, and recorded as unallocated loss adjustment expenses.

Note 6. Related Party Transactions

The Fund is under a Program Administration Agreement with KACo in which the Fund reimburses KACo for certain management and administrative expenses. Total fees for the years ended June 30, 2010 and 2009 were \$1,187,741 and \$1,244,159, respectively. As of June 30, 2010 and 2009, the Fund had prepaid administrative fees of \$182,009 and \$140,241, respectively.

The Fund is under a Program Administration Agreement with KACo in which the Fund pays KACo for certain management services. The fee is based on 3% of earned premiums collected. For the year ended June 30, 2010, the agreement included a base management fee of \$256,200 in addition to the 3% of earned premiums collected. Total fees for the years ended June 30, 2010 and 2009 were \$860,357 and \$630,231, respectively. As of June 30, 2010 and 2009, the Fund had a payable to KACo of \$2,358 and \$9,031, respectively.

NOTES TO FINANCIAL STATEMENTS

The Fund has a licensing agreement with KACo that requires the Fund to pay a royalty to KACo in return for the use of KACo's name and logo. For the years ended June 30, 2010 and 2009 the royalty was a fixed amount of \$1,000.

KACo established the Kentucky Association of Counties Program Guaranty Fund. The purpose of the Guaranty Fund is to make available, on an as needed basis, financial support to the various programs sponsored by and operating under service agreements with KACo, which includes the Fund. The Guaranty Fund receives contributions from KACo and certain of its programs. The Fund made no contributions to the Guaranty Fund for each of the years ended June 30, 2010 and 2009.

Note 7. Compensating Cash and Investment Balances

Commonwealth of Kentucky, Department of Insurance, requires the Fund to maintain compensating cash and investment balances of at least ten (10) percent of outstanding future claims reserves as of the beginning of the policy year. The compensating balance for the years ended June 30, 2010 and 2009 of \$4,000,000 and \$3,880,000, respectively, was held by Central Bank and Trust Company. In October 2010, the Fund transferred additional funds to increase the compensating cash and investment balance to approximately \$4,046,000.

Note 8. Concentration of Credit Risk

The Fund maintains its cash accounts at a bank in Kentucky. Accounts at the bank are guaranteed by the Federal Deposit Insurance Corporations (FDIC) up to \$250,000. At June 30, 2010, the uninsured cash balances totaled approximately \$3,400,000.
