## Independent Auditors' Report

To the Stockholder  
Commonwealth Insurance Company, Inc.  
Frankfort, Kentucky

We have audited the accompanying financial statements of Commonwealth Insurance Company, Inc. (a Kentucky corporation), which comprise the balance sheets as of June 30, 2014 and 2013, and the related statements of income and comprehensive income, stockholder's equity, and cash flows for the years then ended, and the related notes to the financial statements.

### **Management's Responsibility for the Financial Statements**

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

### **Auditors' Responsibility**

Our responsibility is to express an opinion on these financial statements based on our audits. We conducted our audits in accordance with auditing standards generally accepted in the United States of America. Those standards require that we plan and perform the audits to obtain reasonable assurance about whether the financial statements are free from material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the financial statements. The procedures selected depend on the auditors' judgment, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error. In making those risk assessments, the auditor considers internal control relevant to the entity's preparation and fair presentation of the financial statements in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the entity's internal control. Accordingly, we express no such opinion. An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluating the overall financial statement presentation.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion.

**Opinion**

In our opinion, the financial statements referred to above present fairly, in all material respects, the financial position of Commonwealth Insurance Company, Inc. as of June 30, 2014 and 2013 and the results of its operations and its cash flows for the years then ended in accordance with accounting principles generally accepted in the United States of America.

# COMMONWEALTH INSURANCE COMPANY, INC.

## NOTES TO FINANCIAL STATEMENTS

### **Note 1. Nature of Business and Summary of Significant Accounting Policies**

#### **Nature of business:**

Commonwealth Insurance Company, Inc., a wholly owned subsidiary of Kentucky Association of Counties Leasing Trust (COLT), provides employee dishonesty fidelity bond, property and income/extra expense coverage to the members of the Kentucky Association of Counties - All Lines Fund (KALF), a related party (see Note 5).

#### **Summary of significant accounting policies:**

This summary of significant accounting policies of Commonwealth Insurance Company, Inc. is presented to assist in understanding the Company's financial statements. The financial statements are representations of the Company's management who is responsible for the integrity and objectivity of the financial statements. These accounting policies conform to accounting principles generally accepted in the United States of America and have been consistently applied in the preparation of the financial statements.

#### **Estimates:**

The preparation of financial statements in conformity with generally accepted accounting principles requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosure of contingent assets and liabilities at the date of the financial statements. Estimates also affect the reported amounts of revenues and expenses during the reporting period. Actual events and results could differ from those assumptions and estimates.

A significant estimate in these financial statements is the estimated liability for claims incurred but not reported (see Note 4).

## NOTES TO FINANCIAL STATEMENTS

### **Legal, regulatory and geographic risk:**

Legal and regulatory risk is the risk that changes in the legal or regulatory environment in which an insurer operates will occur and create additional losses or expenses not anticipated by the insurer in pricing its products. That is, regulatory initiatives designed to reduce insurer profits or new legal theories may create costs for the insurer beyond those currently recorded in the financial statements. The Company is exposed to this risk by writing all of its business in Kentucky, thus increasing its exposure to a single jurisdiction. This risk is reduced by underwriting and loss adjusting practices that identify and minimize the adverse impact of this risk.

Geographic risk is the risk that catastrophic losses will occur in one concentrated area where the Company does business. The Company mitigates this risk by adhering to specified underwriting practices.

### **Investments:**

The Company records all investments at fair market value. Fair value is established based upon readily determinable market quotations for equity and debt securities.

The Company had significant investments in government securities held by Central Bank & Trust Company. Investment securities are exposed to various risks, such as interest rate, market, and credit risks. Because of the level of risk associated with certain investment securities, it is at least reasonably possible that changes in values of investment securities will occur in the near term and that such changes could materially affect the amounts reported in the balance sheet. The Company considers all investments to be classified as available-for-sale. Basis is determined on historical purchase price.

### **Cash and cash equivalents:**

For purposes of the statements of cash flows, the Company considers only cash and investments with an original maturity of three months or less to be cash and cash equivalents.

### **Revenue and expense recognition:**

Premium revenue is recognized over the period to which the insurance coverage relates.

## NOTES TO FINANCIAL STATEMENTS

Expenses for management and marketing fees and royalties are expensed ratably over the period of coverage.

### Subsequent events:

Subsequent events have been evaluated through September 25, 2014, which is the date the financial statements were available to be issued.

### Note 2. Investments

## NOTES TO FINANCIAL STATEMENTS

### Note 3. Fair Value Measurements

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (level 1) and the lowest priority to unobservable inputs (level 3). The three levels of the fair value hierarchy are described as follows:

- Level 1 – Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Company has the ability to access.
- Level 2 – Inputs to the valuation methodology include: quoted prices for similar assets or liabilities in active or inactive markets; inputs other than quoted prices that are observable for the asset or liability; inputs that are derived principally from or corroborated by observable market data by correlation or other means.
- Level 3 – Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques maximize the use of observable inputs and minimize the use of unobservable inputs.

All assets have been valued using a market approach. Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in methodologies used at June 30, 2014 and 2013.

Common stock and mutual funds – valued at the unadjusted quoted market price as of the financial statement date.

Corporate bonds, municipal bonds, exchange traded fund and mortgage-backed securities – valued at the quoted market prices for similar assets.

## NOTES TO FINANCIAL STATEMENTS

The preceding methods described may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Company believes their valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following table sets forth, by level, within the fair value hierarchy, the Fund's assets at fair value as of June 30, 2014:

	<u>Level 1</u>	<u>Level 2</u>	<u>Total</u>

#### **Note 4. Estimated Unpaid Claims Liabilities**

Under Kentucky Law, the Company is required to pay all valid claims against its policyholder. The Company covers the entire loss on insured events up to a maximum of \$125,000 per event. The estimated liability for future claims, net of estimated recoveries for deductibles and subrogation was determined by Company management as a result of consultation with the Company's actuary, By The Numbers Actuarial Consulting, Inc., for the years ended June 30, 2014 and 2013.

The actuary provides a range of the estimated liability for unpaid claims. Management selects an amount in that range which they believe represents a reasonable estimate of the ultimate liability. This estimate is based upon various factors such as loss control efforts, claim trends and historical claims information.

To the extent that claims information varies from management's estimates, the statement of income reflects adjustments in the year they occur.

## NOTES TO FINANCIAL STATEMENTS

For the years ended June 30, 2014 and 2013, the actuary provided a possible range of discounted estimated liabilities. The discounted liability selected by management was discounted at 2.0%, based upon an estimate of the Company's yield on its investments and expected claims payment patterns as developed by the actuary. The loss payment pattern used could vary significantly from actual which would have a direct effect on the liability for estimated claims. The range of discounted liabilities and the amounts selected by management are as follows:

	<u>Low</u>	<u>High</u>	<u>Selected</u>
June 30, 2014	\$360,000	\$510,000	\$435,000
June 30, 2013	\$150,000	\$345,000	\$290,000

The Fund establishes a liability for both reported and unreported insured events, which includes estimates of both future payments of losses and related claim adjustment expenses. The following represents changes in those aggregate liabilities, net of recoveries, for the years ended June 30, 2014 and 2013:

	<u>2014</u>	<u>2013</u>
Unpaid claims and claim adjustment expenses at beginning of year	\$ 290,000	\$ 495,000
Incurred claims and claim adjustment expenses:		
Provision for insured events of current year and changes in provision for insured events of prior years net of recoveries	145,000	(80,000)
Payments:		
Claims and claims adjustment expenses paid attributable to insured events of current and prior years net of recoveries collected.	_____	<u>(125,000)</u>
Unpaid claims and claim adjustment expenses at end of year	<u>\$ 435,000</u>	<u>\$ 290,000</u>

## NOTES TO FINANCIAL STATEMENTS

### Note 5. Related Party Transactions

For the years ended June 30, 2014 and 2013, 100% of the Company's premium revenue was derived from Kentucky Association of Counties - All Lines Fund, which provides coverage to its members.

The Company is under a Program Administration Agreement with KACo in which the Company reimburses KACo for certain administrative expenses. Total fees for the years ended June 30, 2014 and 2013 under this agreement were \$71,605 and \$74,936, respectively. As of June 30, 2014 and 2013, the Company had prepaid administrative fees of \$38,359 and \$55,964, respectively.

The Company is under a Management Fee Agreement with KACo in which the Company pays a fee to KACo for certain management services. The management fees for the years ended June 30, 2014 and 2013 include a base fee of \$219,700 and \$220,000, respectively, plus 3% of earned premiums collected. Total management fees for the years ended June 30, 2014 and 2013 were \$245,200 and \$253,570, respectively.

The Company also has a licensing agreement with KACo that requires the Company to pay a royalty to KACo in return for the use of KACo's name and logo. The royalty for each of the years ended June 30, 2014 and 2013 was \$1,000.

The Company has an agreement with KACo Insurance Agency, Inc. (KIA), whereby KIA acts as the exclusive agent for the Company. The Company paid commissions to KIA of \$21,250 and \$12,810, for the years ended June 30, 2014 and 2013, respectively.

### Note 6. Income Taxes

For federal income tax purposes, the Company is classified as an insurance company, other than a life insurance company, as described under Internal Revenue Code Section 831. The Company also qualifies under Code Section 834 for an alternative income tax calculation available to certain electing small insurance companies which have net premium income not exceeding \$1,200,000. Under this election, the Company is taxed only on its net investment income. The Company is exempt from Kentucky corporate income taxes but is subject to a tax on its earned premiums collected as a captive insurer. Total federal and Kentucky tax expense for the years ended June 30, 2014 and 2013 were \$82,985 and \$10,504, respectively.

## NOTES TO FINANCIAL STATEMENTS

As of June 30, 2014 and 2013, the Company did not have any accrued interest or penalties related to income tax liabilities, and no interest or penalties have been charged to operations for the years then ended. Tax years ended on or after June 30, 2011 remain subject to IRS review and change. Tax years still open under state statute of limitations remain subject to review and change.

**Note 7. Concentration of Credit Risk**

The Company's cash accounts are guaranteed by the Federal Deposit Insurance Corporation (FDIC) up to \$250,000. At June 30, 2014, the Company's uninsured cash balance was approximately \$1,080,000.

**Note 8. Reclassification**

The 2013 Statement of Income and Comprehensive Income and Statement of Stockholder's Equity have been reclassified to conform to the presentation of the 2014 statements with respect to unrealized gains and losses and comprehensive income.
