INDEPENDENT AUDITORS' REPORT

To the Stockholder
Commonwealth Insurance Company, Inc.
Frankfort, Kentucky

We have audited the accompanying balance sheets of Commonwealth Insurance Company, Inc. as of June 30, 2010 and 2009, and the related statements of income and retained earnings, and cash flows for the years then ended. These financial statements are the responsibility of the Company's management. Our responsibility is to express an opinion on these financial statements based on our audits.

We conducted our audits in accordance with auditing standards generally accepted in the United States of America. Those standards require that we plan and perform the audits to obtain reasonable assurance about whether the financial statements are free of material misstatement. An audit includes examining, on a test basis, evidence supporting the amounts and disclosures in the financial statements. An audit also includes assessing the accounting principles used and significant estimates made by management, as well as evaluating the overall financial statement presentation. We believe that our audits provide a reasonable basis for our opinion.

In our opinion, the financial statements referred to above present fairly, in all material respects, the financial position of Commonwealth Insurance Company, Inc. as of June 30, 2010 and 2009 and changes in stockholder's equity and cash flows for the years then ended in conformity with accounting principles generally accepted in the United States of America.

COMMONWEALTH INSURANCE COMPANY, INC.

NOTES TO FINANCIAL STATEMENTS

Note 1. Nature of Business and Summary of Significant Accounting Policies

Nature of business:

Commonwealth Insurance Company, Inc., a wholly owned subsidiary of Kentucky Association of Counties Leasing Trust (COLT), formed in October 2005 provides employee dishonesty fidelity bond coverage to the members of the Kentucky Association of Counties - All Lines Fund (KALF), a related party (see Note 3). The Company has also been authorized by the Kentucky Department of Insurance to begin writing property coverage and as of July 1, 2008, began providing a layer of business income/extra expense coverage for members of KALF.

Summary of significant accounting policies:

This summary of significant accounting policies of Commonwealth Insurance Company, Inc. is presented to assist in understanding the Company's financial statements. The financial statements are representations of the Company's management who is responsible for the integrity and objectivity of the financial statements. These accounting policies conform to accounting principles generally accepted in the United States of America and have been consistently applied in the preparation of the financial statements.

Method of accounting:

The financial statements of the Company have been prepared on the accrual basis of accounting.

Estimates:

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosure of contingent assets and liabilities at the date of the financial statements and the reported amounts of revenues and expenses during the reporting period. Actual results could differ from those estimates.

A significant estimate in these financial statements is the estimated liability for claims incurred but not reported (see Note 2).

NOTES TO FINANCIAL STATEMENTS

Legal, regulatory and geographic risk:

Legal and regulatory risk is the risk that changes in the legal or regulatory environment in which an insurer operates will occur and create additional losses or expenses not anticipated by the insurer in pricing its products. That is, regulatory initiatives designed to reduce insurer profits or new legal theories may create costs for the insurer beyond those currently recorded in the financial statements. The Fund is exposed to this risk by writing all of its business in Kentucky, thus increasing its exposure to a single jurisdiction. This risk is reduced by underwriting and loss adjusting practices that identify and minimize the adverse impact of this risk.

Geographic risk is the risk that catastrophic losses will occur in one concentrated area where the Fund does business. The Fund mitigates this risk by adhering to specified underwriting practices.

Cash and cash equivalents:

For purposes of the statement of cash flows, the Company considers only cash and investments with an original maturity of three months or less to be cash and cash equivalents.

Reinsurance:

In prior years, the Company used reinsurance agreements to reduce its exposure to large losses on insured events. Reinsurance permits recovery of a portion of losses from its reinsurer, although it does not discharge the primary liability of the Company as direct insurer of the risks reinsured. For the year ended June 30, 2010, the Company discontinued its reinsurance coverage and now covers the entire loss on insured events up to the maximum of \$150,000 per event.

Revenue and expense recognition:

Premium revenue is recognized over the period to which the insurance coverage relates. Deferred revenue represents premiums billed but not yet earned.

Expenses for management and marketing fees and royalties are expensed ratably over the period of coverage.

NOTES TO FINANCIAL STATEMENTS

Subsequent events:

Subsequent events have been evaluated through November 17, 2010, which is the date the financial statements were available to be issued.

Note 2. Estimated Unpaid Claims Liabilities

Under Kentucky Law, the Company is required to pay all valid claims against its policyholder. The estimated liability for future claims, net of estimated recoveries for reinsurance, deductibles and subrogation was determined by Company management as a result of consultation with the Company's actuary, By The Numbers Actuarial Consulting, Inc., for the years ended June 30, 2010 and 2009.

The actuary provides a range of the estimated liability for unpaid claims. Management selects an amount in that range which they believe represents a reasonable estimate of the ultimate liability. This estimate is based upon various factors such as loss control efforts, claim trends and historical claims information.

To the extent that claims information varies from management's estimates, the statement of income reflect adjustments in the year they occur.

For the years ended June 30, 2010 and 2009, the actuary provided a possible range of discounted estimated liabilities. The discounted liability selected by management was discounted at 4.75%, based upon an estimate of the Company's yield on its investments and expected claims payment patterns as developed by the actuary. The loss payment pattern used could vary significantly from actual which would have a direct effect on the liability for estimated claims. The range of discounted liabilities and the amounts selected by management are as follows:

	<u>Low</u>	<u>High</u>	<u>Selected</u>
June 30, 2010	\$190,000	\$620,000	\$510,000
June 30, 2009	\$190,000	\$550,000	\$460,000

NOTES TO FINANCIAL STATEMENTS

The Fund establishes a liability for both reported and unreported insured events, which includes estimates of both future payments of losses and related claim adjustment expenses. The following represents changes in those aggregate liabilities, net of recoveries, for the years ended June 30, 2010 and 2009:

	<u>2010</u>	<u>2009</u>
Unpaid claims and claim adjustment expenses at beginning of year	\$460,000	\$290,000
Incurred claims and claim adjustment expenses:		
Provision for insured events of current year and increases in provision for insured events of prior years net of recoveries	230,310	204,160
Payments:		
Claim and claim adjustment expenses paid attributable to insured events of current and prior years net of recoveries collected	<u>(180,310)</u>	<u>(34,160)</u>
Unpaid claims and claim adjustment expenses at end of year	<u>\$510,000</u>	<u>\$460,000</u>

Note 3. Related Party Transactions

For the years ended June 30, 2010 and 2009, 100% of the Company's premium revenue was derived from Kentucky Association of Counties - All Lines Fund, which provides coverage to its members.

The Company is under a Program Administration Agreement with KACo in which the Company reimburses KACo for certain administrative expenses. Total fees for the years ended June 30, 2010 and 2009 under this agreement were \$82,493 and \$137,949 respectively. As of June 30, 2010 and 2009, the Company had prepaid administrative fees of \$19,126 and \$19,556, respectively.

The Company is under a Management Fee Agreement with KACo in which the Company pays a fee to KACo for certain management services. The management fees for the years ended June 30, 2010 and 2009 include a base fee of \$133,400 and \$25,000, respectively, plus 3% of earned premiums collected. Total management fees for the years ended June 30, 2010 and 2009 were \$161,126 and \$52,121, respectively.

NOTES TO FINANCIAL STATEMENTS

The Company also has a licensing agreement with KACo that requires the Company to pay a royalty to KACo in return for the use of KACo's name and logo. The royalty for each of the years ended June 30, 2010 and 2009 was \$1,000.

The Company has an agreement with KACo Insurance Agency, Inc. (KIA), whereby KIA acts as the exclusive agent for the Company. The Company paid commissions to KIA of \$12,778 and \$12,838, for the years ended June 30, 2010 and 2009, respectively.

Note 4. Income Taxes

For federal income tax purposes, the Company is classified as an insurance company, other than a life insurance company, as described under Internal Revenue Code Section 831. The Company also qualifies under Code Section 834 for an alternative income tax calculation available to certain electing small insurance companies which have net premium income not exceeding \$1,200,000. Under this election, the Company is taxed only on its net investment income. The Company is exempt from Kentucky corporate income taxes but is subject to a tax on its earned premiums collected as a captive insurer. Total federal and Kentucky tax expense for the years ended June 30, 2010 and 2009 were \$11,514 and \$11,482, respectively.

On July 1, 2009, the Company adopted new guidance for the financial statement recognition, measurement and disclosure of uncertain tax positions in an enterprise's financial statements. Income tax positions must meet a more-likely-than-not recognition threshold to be recognized. The adoption of this guidance did not have a material effect on the Company's financial position and results of operations.

As of June 30, 2010 and 2009, the Company did not have any accrued interest or penalties related to income tax liabilities, and no interest or penalties have been charged to operations for the years then ended. Tax years still open under federal and state statute of limitations remain subject to review and change.

Note 5. Concentration of Credit Risk

The Company's cash accounts are guaranteed by the Federal Deposit Insurance Corporation (FDIC) up to \$250,000. At June 30, 2010, the Company's uninsured cash balance was approximately \$2,471,000.
